OLHCHH Mission

The Office of Lead Hazard Control and Healthy Homes (OLHCHH) provides funds to state and local governments to develop cost-effective ways to reduce lead-based paint hazards.

In addition, the office enforces HUD's lead-based paint regulations, provides public outreach and technical assistance, and conducts technical studies to help protect children and their families from health and safety hazards in the home.

Programs Division

The purpose of the [Lead-Based Paint Hazard Control \(LHC\) and the Lead Hazard Reduction grant programs \(LHRD\)](#) is to identify and control lead-based paint hazards in eligible privately owned housing for rental or owner-occupants. The Lead-Based Paint Hazard Control Grant program is the largest program in terms of dollar amount and number of grants.

Educational Outreach

OLHCHH partners extensively in the planning and executing of outreach. We work with federal and other levels of government, as well as community-based organizations. The result is greater reach, more targeted messaging, and better leveraging of resources!

Many resources are also available in Spanish.

- Technical Guidance (HUD Guidelines)
- Factsheets
- Informational brochures
- Mobile applications, and more!

OLHCHH Tribal Publications

OLHCHH created outreach guides aimed at preventing disease and injury by improving Tribal home environments.

- [A SELF HELP Guide to Healthy Homes for American Indian and Alaska Native Families](#)
- [A Guide to Healthy Homes for Leaders and Decision makers - American Indian and Alaska Native Communities](#)
- [A Guide to Healthy Homes for Housing Professionals - American Indian and Alaska Native Communities](#)
- [A Guide to Healthy Homes for Medical and Health Professionals - American Indian and Alaska Native Communities](#)

Our Tribal and other stakeholders and partners are encouraged to create awareness of these new materials, and to use them in their local communities.

National Lead Poisoning Prevention Week (NLPPW)

The U.S. Department of Health and Human Services, the Centers for Disease Control and Prevention, the U.S. Department of Housing and Urban Development, and the U.S. Environmental Protection Agency collaborate with their partners every year on a national outreach effort to observe National Lead Poisoning Prevention Week (NLPPW).

NLPPW is a call to action to bring together families, individuals, community-based organizations, state and local governments and others, to increase lead poisoning prevention awareness and increase efforts to reduce childhood exposure to lead.
